Subject: Internship (Training-Based) Program Offer Letter

Dear Rohit Kumar,

We are pleased to offer you an opportunity to join **Round Bit Technologies Pvt Ltd company** as an **Intern Trainee** under our **Training-Based Internship Program**. This program is designed to provide hands-on learning, skill enhancement, and practical exposure to help you develop professionally in the field of **IT/ Software Engineering / Cloud Engineering / DevOps Engineering / Data Science / AI & Machine learning**.

1. Nature of Internship

Please note that this is a **training-oriented internship program**.

- This internship is **unpaid**, and no salary, stipend, or monetary compensation will be provided. Also, please note that you won't be involved in any work/assignment which would provide any financial gains for the organization.
- The primary objective is to provide structured training, mentorship, and practical experience.

CAUTION: THIS IS A SAMPLE OFFER LETTER. COPYING/COUNTERFIETING IS A PUNISHABLE OFFENCE AND WILL BE TAKEN VERY SERIOUSLY.

2. Training Fee / Program Cost

As this internship includes guided training sessions, access to learning materials, workshops, and skill-development modules, a **program fee** is applicable.

- **Total Training/Program Fee:** Please follow <https://www.codemy.in/> for details
- **Payment Schedule:** Please follow <https://www.codemy.in/> for details
- This fee covers course materials, training sessions, learning resources, and support throughout the program.

Please note that this amount is **not a salary deduction**, but a **training fee** for the educational components offered during the internship.

3. Program Duration

- **Start Date:** Please follow <https://www.codemy.in/> for details
 - **End Date:** Please follow <https://www.codemy.in/> for details
 - **Total Duration:** 16-24 weeks based on candidate's requirements
-

4. Roles & Responsibilities

During the internship, you will participate in:

- Training modules and coursework related to **IT/ Software Engineering / Cloud Engineering / DevOps Engineering / Data Science / AI & Machine learning**
- Practical assignments and guided project work
- Team activities, workshops, and assessments
- Tasks assigned by your supervisor for learning and practice

5. Certification

Upon successful completion of the program requirements, you will receive:

- **Course Completion Certificate** for each course completed
 - **Internship Certification** for the Training-Based Internship at the end of program
 - Any additional performance-based recognitions (if applicable)
-

6. Attendance & Conduct

Interns are expected to maintain professionalism, commitment, and timely participation in all sessions. Failure to meet attendance or conduct requirements may affect certification.

7. Acceptance of Offer

To confirm your participation, please sign and return the acceptance copy of this letter by **10th Jan 2025** along with the initial payment as per the program fee structure.

We are excited to support your learning journey and look forward to having you as part of our training program. Should you have any questions, feel free to contact us at **+91 63610 98667** or at **support@codemy.in**.

Warm regards,

Deepika Junwaar
